

Well Women's Clinic

The female doctors and nurses provide a professional and caring approach to enable women of all ages to take control of their sexual and reproductive health.

Youth Health

Sexual health and well-being. This clinic is for anyone under 25 years old. The clinic is private, confidential and free. Come in and see a doctor or a nurse in a friendly non-judgmental environment.

Men's Sexual Health

If you are a male seeking advice or information related to your sexual health – come in and see our male nurse practitioner.

Men's Health Clinic

The Men's Health Clinic specialises in men's health and assists men to better understand and manage their own health needs. Our male nurse practitioner can provide annual check-ups, health assessment information and support to help men achieve a healthier lifestyle.

HIV and Hepatitis C Pre & Post Test Counselling

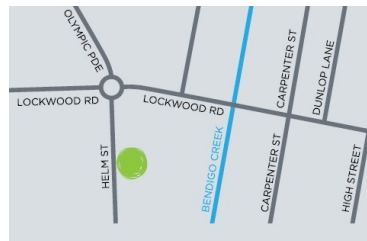

Confidential counselling for those wishing to be tested for HIV or Hepatitis C, or those with a new diagnosis.

Blood Borne Virus (BBV) & Sexually Transmissible Infections (STI) Clinic

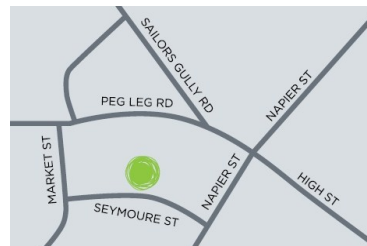

A sexual health nurse provides BBV and STI testing with specific information and health advice.

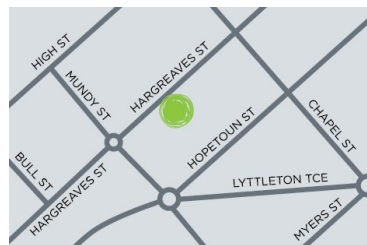

Interpreters and disability access available.
